

# SOLAR

POWERED

Exclusive Solar Panel Design with Built-in 3-Step Automatic Microprocessor Controlled Charge Controller

The Worlds' 1st Solar Panel With Built-in Charge Controller

**5 Watt Charger**  
270 mAmps  
Part#: 021-1163

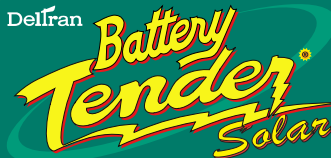

**10 Watt Charger**  
540 mAmps  
Part#: 021-1164

**15 Watt Charger**  
830 mAmps  
Part#: 021-1165

IDEAL FOR USE WITH

CONNECT TO YOUR BATTERY, WHEN NOT IN-USE, TO CHARGE AND MAINTAIN OPTIMUM BATTERY LIFE!

## Solar Battery Charge Controller Part#: 021-1162

100,0 x 63,0 x 19,0 mm

Connects any solar panel to create a portable solar powered charger using Battery Tenders patented and proven charging algorithm. Designed to be used with ANY 5-45 watt non-Battery Tender solar panels.

- 12V Application Voltage
- Reverse Polarity Protected
- Spark Proof
- Temperature Compensation Sensor
- Water Proof
- 5 Year Limited Warranty on Panels**
- 3 Year Limited Warranty on Solar Controller**
